Tax Updates

All Tax Products

Disaster Extension Input - The software has been enhanced to provide input in all tax products to adjust the date when late payment interest and late payment/filing penalties should be computed due to a declared disaster area. This is available for both the Federal return, as well as any states involved. Estimate payments can also be extended during these declared disasters, and the dates associated with those payments can be overridden in the letters by using the available input. This [Knowledge Base article](#) provides the detail of what is available.

Currently, the following taxing authorities are still a work in progress and will be available on a later release. Please watch Software News and Release Notes for further updates on these states.

Corporation

Partnerships and LLCs partners are carried to the 500-B when requested, marking the correct box and completing the calculations.

S Corporation

Oklahoma - The tax rate on Form 512S, Line 2a, Nonresident Oklahoma tax, has been updated from 4.75% to 4.0% based on information received from the state. No action is required by the taxpayer or preparer as the state will correct returns on its end.

Kentucky - Form 740-PTET is available in this release and can be produced by going to Common State/City > State PTE Generation with additional information available on Kentucky > Composite Return > Pass-Through Entity Return. Diagnostic 39516 remains in the software since electronic filing is not available on this release. Electronic filing is projected to be available with release 2022-4.1, available July 23rd.

Tennessee - After additional clarification from the state, Form RVR-00104, Tennessee Estimated Franchise and Excise Tax Payments Worksheet, has been updated to leave Line 1 (Current year total franchise and excise taxes) blank. Our default has also been updated to include the current year tax on Line 3 (Prior year total franchise and excise taxes). If an amount is wanted on Line 1, an entry must be made. This [KB article](#) details how to adjust Line 1. The Individual tax product is projected to be updated with the same changes on release 2022-4.1, available July 23rd.

Partnership

California- Input is available on California > General Information > Basic Data > X to use new Capital Account, M-1, and M-2 calculations. When this box is marked, the partners' capital accounts will reflect tax basis and carry to the Schedule M-1/M-2.

Note: If the option “inactive” is used on California > General Information > Options > Schedule M-1 calculation options, this can result in inaccurate calculations.

Kentucky - Form 740-PTET is available in this release and can be produced by going to Common State/City > State PTE Generation with additional information available on Kentucky > Composite Return > Pass-Through Entity Return. Diagnostic 39516 remains in the software since electronic filing is not available on this release. Electronic filing is projected to be available with release 2022-4.1, available July 23rd.

Tennessee - After additional clarification from the state, Form RVR-00104, Tennessee Estimated Franchise and Excise Tax Payments Worksheet, has been updated to leave Line 1 (Current year total franchise and excise taxes) blank. Our default has also been updated to include the current year tax on Line 3 (Prior year total franchise and excise taxes). If an amount is wanted on Line 1, an entry must be made. This [KB article](#) details how to adjust Line 1. The Individual tax product is projected to be updated with the same changes on release 2022-4.1, available July 23rd.

Fiduciary

Federal - Forms 8879-TE and 8453-TE are available in the Fiduciary tax product as signature forms for Forms 5227 and 8868.

Exempt Organization

Oregon - Additional forms have been added to the Oregon 990 tax product. These newly added forms allow the filing of the Oregon return when the Form 990-T is filed as a corporation. Electronic filing will be available for these forms on a later release this year.

Indiana

The calculation for Schedule IT-40NOL Carryforward Worksheet, Line 5 (Intervening year's Indiana AGI) uses rounded amounts from Lines 3 and 4.

Kentucky

Schedule ITC, Line 6. Worksheet calculation now uses Line 7, rather than Line 3, when calculating the credit for taxes paid.

Maryland

Form MD 502CR, Line 11 no longer includes PTE for New Jersey when calculating credit for taxes paid.

Minnesota

Due to a change in MN business rules, on e-file returns when late payment/filing penalty and/or interest is requested, the penalty and/or interest amounts will now be included on the MN Payment Voucher and must be paid by check.

Form M1PR, Line 18 and Line 22 rate tables have been updated per new MN instructions received. Please recalculate returns on Release 2022-4.0 and resubmit to prevent rejection code 0118.

New Mexico

The calculation of Form PIT-ADJ, Line 24 no longer includes amounts from Line 9 of the same form.

Ohio

IT NRC, Page 1, Part B completes if the taxpayer is a nonresident and the spouse is a part-year resident.

The credit for taxes paid calculation to Ohio includes withholding amounts.

Ohio – Ohio Cities

Ohio Cities. When the taxpayer moves to a city after a mid-year tax rate change has occurred, the newly enacted rate will be applied instead of a blended rate.

Ohio Cities Schedule Y. All zero apportionment factors are now supported for Schedule Y calculations.

Ohio – Ohio Cities Electronic Filing

Cincinnati Electronic Filing. When the return contains a refund, the first estimate is calculated on the return, and the refund is not applied to the first estimate, direct deposit is no longer supported. The estimate must either be excluded from the return or the refund must be applied to the first estimate in order to allow direct deposit of any remaining refund amount.

Oregon

The interest rate for underpayment of taxes has been updated to 6% for 2023.

Oregon - Multnomah/Portland/TriMet

The 4th estimate due date for MET-40 and MC-40 is correctly reflected in the letters/filing instructions.
