

## 2011 US GAAP Financial Statement Disclosure Examples

### Description

The *2011 U.S. GAAP Financial Statement Disclosure Examples* title provides a complete, quick, and valuable reference source for financial statement disclosures and key presentation requirements. Specifically, the title:

- Provides over 750 examples of realistic sample footnote disclosures that are technically sound, understandable, and comprehensive and that cover a variety of scenarios, from the most common to the most unusual.
- Incorporates accounting standards, including those that cover areas of unusual difficulty, such as financial instruments, fair value, business combinations, consolidation, income taxes, pensions, accounting changes, and variable interest entities.
- Organizes the example footnote disclosures into a library, from which they can be easily inserted into any Microsoft Word workpaper in ProSystem fx Engagement.
- Included pre-defined name and data links, where appropriate, so that things like the client name the period end date are automatically populated.

The 2011 US GAAP Financial Statement Disclosure Examples is current through the issuance of the following pronouncements:

FASB Accounting Standards Update No. 2010-17 (April 2010) (ASC Topic 605, Revenue Recognition—Milestone Method).

In addition to the disclosures examples provided in this installation, the **GAAP Financial Statement Disclosures Manual** also includes a financial statement disclosures checklist that provides a centralized resource of the required and recommended GAAP disclosures and key presentation items currently in effect, using the style referencing under the FASB Accounting Standards Codification as well as references to pre-Codification FASB literature. It is designed to assist the user in determining whether the required financial statement disclosures and key presentation matters have been addressed.
