

ProSystem fx[®] Engagement

Backup!

Important backup information:

- ◆ A regularly scheduled backup of your Engagement databases, workpapers, and templates can be paramount in the event of a hardware failure or an unexpected event.
- ◆ It is strongly recommended that the Engagement Database Backup & Restore Utility be used in addition to your existing backup methods.
- ◆ This utility ONLY backs up the Engagement SQL databases and creates a *.bak file. The *.bak file, workpapers, and templates need to be backed up separately using your existing backup method.
- ◆ If your firm is not running a regularly scheduled backup, please contact Technical Support for assistance in safeguarding your data.

CCH

a Wolters Kluwer business

Support: 1-800-739-9998, option 6, option 2

E-mail: engagement@wolterskluwer.com

6.x!

Features:

- ◆ Backs up Workpaper Management, Trial Balance and Knowledge Coach databases.
- ◆ Health Check verifies the consistency and health of SQL databases.
- ◆ Ability to back up to a network location.
- ◆ Backup files are small and easy to maintain.
- ◆ Ability to restore a single binder. Third-party backup methods do NOT provide this ability.
