

2016 CIRA AUDIT OVERVIEW FOR KNOWLEDGE COACH USERS

PURPOSE

This document is published for the purpose of communicating, to users of the toolset, updates and enhancements included in the current version. This document is not, and should not be used as an audit program to update the audit documentation of an engagement started in a previous version of this product

WORKPAPER UPDATES AND ROLL FORWARD NOTES

General Roll Forward Note:

You must be the current editor of all Knowledge Coach workpapers to update to the latest content, and you must be the current editor upon opening the updated workpaper for the first time to ensure you see the updated workpaper.

The *2015 Knowledge-Based Audits of Common Interest Realty Associations* tools have been updated to take into account the latest literature, standards, and guidance applicable to audit engagements. The 2016 tools include links to detailed analysis related to the steps and processes discussed in the workpapers. Also included are revised financial statement disclosures checklists that provide a centralized resource of the required and recommended U.S. GAAP disclosures and key presentation items currently in effect for common interest realty associations, using the style referencing under the FASB Accounting Standards Codification.TM The toolset has also be updated for the revised AICPA Code of Professional Conduct, often referred as the AICPA Ethics Codification Project. The effective date of the revised code is December 15, 2014; however, the effective date of the new conceptual frameworks is one year later—December 15, 2015. Members are permitted to implement both the revised code and the conceptual frameworks prior to their effective dates; however, members should not implement the relevant conceptual framework prior to implementing the revised code.

The 2016 edition of *Knowledge-Based AuditsTM of Common Interest Realty Associations* includes the following updates:

Knowledge-Based Audit Documents (KBAs)

Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference	Roll Forward and Update Content Considerations
KBA-103 Evaluating and Communicating Internal Control Deficiencies					
Modify	Modified instructions and column header (column 14).	Instructions ; column heading	N		Column 14 of table will reset on roll forward.
KBA-200 CIRA Information and Background					
Modify	Minor wording modifications to improve consistency and flow of information (KBA-302; KBA-302N)		N		Data flows to KBA-101, KBA-302 and/or KBA-302N
Delete	Tailoring Question, “Does the CIRA have an audit committee or equivalent body?” has been removed	TQ Table	N		
Merged	The Question and Table, “The following describes pertinent information about the audit committee members:” has been merged with the Question and Table above, “The following describes pertinent information	Procedures	N		All information from Audit Committee table will be retained into table above on Rollforward.

Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference	Roll Forward and Update Content Considerations
	about those charged with governance (e.g., board of directors; audit committee):”				
Modify	New Question and Table, “The following describes pertinent information about key stakeholders:” has been added to improve consistency with our Commercial Audit Title.	Procedures	N		
KBA-302 Understanding the Entity and Its Environment: Complex CIRAs					
Modify	Minor wording modifications to improve consistency and flow of information (KBA-200).	Text	N	Modify	Data flows in from KBA-200
Delete	Tailoring Question, “Does the CIRA have an audit committee or equivalent body?” has been removed	TQ Table	N		
Merged	The Question and Table, “The following describes pertinent information about the audit committee members:” has been merged with the Question and Table above, “The following describes pertinent information about those charged with governance (e.g., board of directors; audit committee):”	Procedures	N		All information from Audit Committee table will be retained into table above on Rollforward.
Modify	New Question and Table, “The following describes pertinent information about key stakeholders:” has been added to improve consistency with our Commercial Audit Title.	Procedures	N		
KBA-302N Understanding the Entity and Its Environment: Noncomplex CIRAs					
Modify	Minor wording modifications to improve consistency and flow of information flow (KBA-200).	Text	N		Data flows in from KBA-200
Delete	Tailoring Question, “Does the CIRA have an audit committee or equivalent body?” has been removed	TQ Table	N		
Merged	The Question and Table, “The following describes pertinent information about the audit committee members:” has been merged with the Question and Table above, “The following describes pertinent information about those charged with governance (e.g., board of directors; audit committee):”	Procedures	N		All information from Audit Committee table will be retained into table above on Rollforward.

Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference	Roll Forward and Update Content Considerations
	added to improve consistency with our Commercial Audit Title.				
KBA-400 Scoping and Mapping of Significant Account Balances, Classes of Transactions, and Disclosures					
Added	Added a “Potential Error Diagnostic” in KBA-400 to note if an audit area has a significant or fraud risk but no risk has been identified this will notify the user to a potential error.	Table	N		
Removed	Removed "Potential Error Diagnostic" on last column (Control Understanding / Testing Workpaper) of Table 1 in KBA-400 when the user selects to add a, "Custom Value" option. The user would only select a “Custom Value” option if they’re using a memo or non-KC workpaper to document their understanding of activity level controls. This diagnostic will continue to show if the user selects any other options and has not included the recommended workpaper option.	Table	N		
KBA-401 Understanding Entity-Level Controls: Complex CIRAS					
Modify	Conclusion table answer selections for “Functioning” modified from (Y, N) to (Y, N, N/A)	Table, other than procedures	N		Flow to KBA-103 still only occurs on a “No” answer.
KBA-401N Understanding Entity-Level Controls: Noncomplex CIRAS					
Modify	Conclusion table answer selections for “Functioning” modified from (Y, N) to (Y, N, N/A)	Table, other than procedures	N		Flow to KBA-103 still only occurs on a “No” answer.
KBA-901 Financial Statement Disclosure Checklist					
Modify	Steps 4(a)(2) The assets, liabilities, equity interests, or items of considerations for which the initial accounting is incomplete? and 4(a)(3) The nature and amount of any measurement period adjustments recognized during the reporting period in accordance with ASC paragraph 805-10-25-17? under Business Combinations , were both moved from “Note” rows into their own row with separate sign off.	Table	N		These two steps will reset on Rollforward if your setting is to “Keep all responses”.

Audit Programs (AUDs)

- Updated where applicable for consistency with CORE.

Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference	Roll Forward and Update Content Considerations
AUD-805 Audit Program: Intangible Assets					
Modify	<p>Added Practice Alert:</p> <p>Practice Alert: In December 2014, the FASB issued Accounting Standards Update (ASU) No. 2014-18, <i>Business Combinations (Topic 805): Accounting for Identifiable Intangible Assets in a Business Combination</i>, which is a consensus of the Private Company Council. ASU No. 2014-18 provides private companies with an accounting alternative for the recognition of certain intangible assets acquired in a business combination. Under this accounting alternative, a private company would no longer recognize the following intangible assets separate from goodwill: (a) customer-related intangible assets unless they are capable of being sold or licensed independently from the other assets of the business, and (b) noncompetition agreements.</p> <p>Many customer-related intangible assets, because they are not capable of being sold or licensed independently from the other assets of the business, would not be separately recognized under this accounting alternative. However, some customer-related intangible assets that are capable of being sold or licensed independently would continue to be separately recognized, such as mortgage servicing rights, commodity supply contracts, core deposits, and customer information (e.g., names and contact information).</p> <p>The decision to adopt the accounting alternative in ASU No. 2014-18 must be made upon the occurrence of the first transaction within the scope of this accounting alternative. If the transaction occurs in the first fiscal year beginning after December 15, 2015, the adoption will be effective for that fiscal year's annual financial reporting and all interim and annual periods thereafter. If the transaction occurs in fiscal years beginning after December 15, 2016, the adoption will be effective in the interim period that includes the date of that first transaction and subsequent interim and annual periods thereafter. Early application is permitted for any interim and annual financial statements that have not yet been made available for issuance.</p> <p>An entity that elects the accounting alternative in ASU No. 2014-18 must adopt the private company alternative to amortize goodwill as described in ASU No. 2014-02, <i>Intangibles—Goodwill and Other (Topic 350): Accounting for Goodwill</i>, (discussed above). However, an entity that elects the accounting alternative in ASU No. 2014-02 is not required to adopt the amendments in ASU No. 2014-18.</p>	Purpose/ Instructions	Y	ASU No. 2014-18	

Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference	Roll Forward and Update Content Considerations
New	Added new substep 1.c. under “ Intangible Assets Subject to Amortization ” section: If the entity elected the accounting alternative for not recognizing certain intangible assets acquired in a business combination separate from goodwill, we evaluated whether the intangible assets meet the criteria for such election (i.e., customer-related intangible assets unless they are capable of being sold or licensed independently from the other assets of the business; and noncompetition agreements).	Procedures steps	Y	ASU No. 2014-18	
AUD-806 Audit Program:					
Modify	Moved the section on Future Major Repairs and Replacements including the Reserve Study for Remaining Useful Lives of Common Property and Costs (steps 11 to 17) to AUD-811 (replacement reserves are a fund and are more logical placed in the equity section of AUD-811; the reserve study is really related to the fund, not the capitalized assets).	Procedure steps	N		
AUD-811 Audit Program:					
Modify	Incorporated the section on Future Major Repairs including the Reserve Study for Remaining Useful Lives of Common Property and Costs from AUD-806 as new steps 7 through 13; remaining steps renumbered as steps 14 through 19.	Procedure steps	N		On Rollforward if the settings are to “keep all responses” then these sections will retain the responses from the prior year from AUD-806.
AUD-816 Audit Program:					
Modify	Added the following Practice Alerts: Practice Alert: In March 2014, the FASB issued Accounting Standards Update (ASU) No. 2014-07, <i>Applying Variable Interest Entities Guidance to Common Control Leasing Arrangements</i> , which provides private companies with an accounting alternative in applying variable interest entity (VIE) guidance to lessor entities under common control. Under current U.S. GAAP, a reporting entity is required to consolidate an entity in which it has a controlling financial interest. The assessment of controlling financial interest is performed under either: (a) a voting interest model, or (b) a VIE model. Under the VIE model, a reporting entity is deemed to have a controlling financial interest (i.e., deemed to be the primary	Purpose/ Instructions	Y	ASU No. 2014-07; ASU No. 2014-10; ASU No. 2014-13; ASU No. 2015-02	

Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference	Roll Forward and Update Content Considerations
	<p>beneficiary) when it has: (a) the power to direct the activities that most significantly affect the economic performance of the entity, and (b) the obligation to absorb losses or the right to receive benefits of the entity that could be potentially significant to the entity. To determine which model applies, a reporting entity must first determine whether it has a variable interest in the entity being evaluated for consolidation and whether that entity is a VIE.</p> <p>Under the accounting alternative in ASU No. 2014-07, a private company could elect not to apply the VIE guidance to a lessor entity under common control if all of the following criteria are met:</p> <ul style="list-style-type: none"> a. The private company lessee and the lessor entity are under common control; b. The private company lessee has a leasing arrangement with the lessor entity; c. Substantially all of the activities between the private company lessee and the lessor entity are related to leasing activities (including supporting leasing activities) between those two entities; and d. If the private company lessee explicitly guarantees or provides collateral for any obligation of the lessor entity related to the asset leased by the private company, then the principal amount of the obligation at inception of such guarantee or collateral arrangement does not exceed the value of the asset leased by the private company from the lessor entity. <p>Under the accounting alternative, a private company lessee would not be required to provide the VIE disclosures about the lessor entity. Instead, the private company lessee would disclose (a) the amount and key terms of liabilities recognized by the lessor entity that expose the private company lessee to providing financial support to the lessor entity, and (b) a qualitative description of circumstances not recognized in the financial statements of the lessor entity that expose the private company lessee to providing financial support to the lessor entity.</p> <p>If elected, the accounting alternative should be applied to all current and future lessor entities under common control that meet the above criteria. The accounting alternative should be applied retrospectively to all periods presented, and is effective for annual periods beginning after December 15, 2014, and interim periods within annual periods beginning after December 15, 2015. Early adoption is permitted for any annual or interim period for which an entity's financial statements have not yet been made available for issuance.</p> <p>Practice Alert: In June 2014, the FASB issued Accounting Standards Update (ASU) No. 2014-10, <i>Development Stage Entities (Topic 915): Elimination of Certain Financial Reporting Requirements, Including an Amendment to Variable Interest</i></p>				

Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference	Roll Forward and Update Content Considerations
	<p><i>Entities Guidance in Topic 810, Consolidation.</i> The amendments in this ASU remove all incremental financial reporting requirements from U.S. GAAP for development stage entities, including the removal of ASC Topic 915, <i>Development Stage Entities</i>, from the Codification. In addition, ASU No. 2014-10 removes an exception provided to development stage entities in ASC Topic 810, <i>Consolidation</i>, for determining whether an entity is a variable interest entity. The elimination of this exception will require all reporting entities that have an interest in a development stage entity to apply consistent guidance for transactions that are economically the same or similar. Therefore, the same guidance will be applied for determining whether an entity is a variable interest entity and whether the variable interest entity should be consolidated, regardless of whether that entity has commenced planned principal operations or has significant revenue from its principal operations.</p> <p>The amendments in ASU No. 2014-10 related to the consolidation guidance (ASC Topic 810), which should be applied retrospectively, are effective for annual reporting periods beginning after December 15, 2015 (and interim periods therein) for public business entities. For all other entities, the amendments to the consolidation guidance are effective for annual reporting periods beginning after December 15, 2016 and interim reporting periods beginning after December 15, 2017.</p> <p>Early adoption is permitted for public business entities for any annual reporting period or interim period for which the entity's financial statements have not yet been issued. For all other entities, early adoption is permitted for financial statements that have not yet been made available for issuance.</p> <p>Practice Alert: In August 2014, the FASB issued Accounting Standards Update (ASU) No. 2014-13, <i>Consolidation (Topic 810): Measuring the Financial Assets and the Financial Liabilities of a Consolidated Collateralized Financing Entity</i>. The amendments in this ASU apply to a reporting entity that is required to consolidate a collateralized financing entity (e.g., a collateralized debt obligation or a collateralized loan obligation entity) under the "Variable Interest Entities" guidance when: (1) the reporting entity measures all of the financial assets and the financial liabilities of that consolidated collateralized financing entity at fair value in the consolidated financial statements based on other ASC Topics, and (2) the changes in the fair values of those financial assets and financial liabilities are reflected in earnings.</p> <p>The fair value of the financial assets of a collateralized financing entity, as determined under U.S. GAAP, may differ from the fair value of its financial liabilities even when the financial liabilities have recourse only to the financial assets. Before ASU No. 2014-13, there was no specific guidance in U.S. GAAP on how a reporting entity should account for that difference. The</p>				

Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference	Roll Forward and Update Content Considerations
	<p>amendments in ASU No. 2014-13 provide an alternative to ASC Topic 820, <i>Fair Value Measurement</i>, for measuring the financial assets and the financial liabilities of a consolidated collateralized financing entity to eliminate that difference. When the measurement alternative is not elected for a consolidated collateralized financing entity within the scope of ASU No. 2014-13, the amendments clarify that: (1) the fair value of the financial assets and the fair value of the financial liabilities of the consolidated collateralized financing entity should be measured using the requirements of ASC Topic 820, and (2) any differences in the fair value of the financial assets and the fair value of the financial liabilities of that consolidated collateralized financing entity should be reflected in earnings and attributed to the reporting entity in the consolidated income statement.</p> <p>The amendments in ASU No. 2014-13 are effective for public business entities for annual periods, and interim periods within those annual periods, beginning after December 15, 2015. For all other entities, the amendments are effective for annual periods ending after December 15, 2016, and interim periods beginning after December 15, 2016. Early adoption is permitted as of the beginning of an annual period.</p> <p>Entities may apply the amendments in ASU No. 2014-13 either: (1) using a modified retrospective approach by recording a cumulative-effect adjustment to equity as of the beginning of the annual period of adoption, or (2) retrospectively to all relevant prior periods beginning with the annual period in which the amendments in ASU No. 2009-17, <i>Consolidations (Topic 810): Improvements to Financial Reporting by Enterprises Involved with Variable Interest Entities</i>, were initially adopted.</p> <p>A reporting entity that consolidates a collateralized financing entity that does not meet the scope requirements in ASU No. 2014-13 because the fair value option in ASC Topic 825, <i>Financial Instruments</i>, was not elected to measure the eligible financial assets, financial liabilities, or both of the collateralized financing entity when it was initially consolidated, may elect at the date of adoption to apply the measurement alternative in ASU No. 2014-13 to those financial assets and financial liabilities, or to continue using the guidance in other ASC Topics to measure the financial assets and the financial liabilities of the consolidated collateralized financing entity. A reporting entity that does not elect to use the measurement alternative may not elect at the date of adoption to use the measurement requirements of ASC Topic 820, <i>Fair Value Measurement</i>, or otherwise change its basis for measuring the financial assets or the financial liabilities of the collateralized financing entity.</p> <p>Practice Alert: In February 2015, the FASB issued Accounting Standards Update (ASU) No. 2015-02, <i>Consolidation (Topic 810): Amendments to the Consolidation Analysis</i>, which is intended to improve targeted areas of consolidation guidance for</p>				

Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference	Roll Forward and Update Content Considerations
	<p>legal entities such as limited partnerships, limited liability corporations, and securitization structures (collateralized debt obligations, collateralized loan obligations, and mortgage-backed security transactions). The ASU focuses on the consolidation evaluation for reporting organizations (public and private companies and not-for-profit organizations) that are required to evaluate whether they should consolidate certain legal entities. Among other matters, the amendments in ASU No. 2015-02:</p> <ul style="list-style-type: none"> • Modify the evaluation of whether limited partnerships and similar legal entities are variable interest entities or voting interest entities; • Eliminate the presumption that a general partner should consolidate a limited partnership; and • Affect the consolidation analysis of reporting entities that are involved with VIEs, particularly those that have fee arrangements and related party relationships. <p>ASU No. 2015-02 is effective for public business entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2015. For all other entities, the requirements are effective for fiscal years beginning after December 15, 2016, and interim periods within fiscal years beginning after December 15, 2017. Early adoption is permitted, including adoption in an interim period.</p>				
Modify	<p>Modified substep 14a; now reads:</p> <p>We evaluated whether the CIRA properly measured the assets, liabilities, and noncontrolling interests of the VIE at their fair values, including:</p>	Procedures steps	N		
Modify	<p>Modified substep 14b; now reads:</p> <p>We evaluated whether, in connection with the reporting at fair value, the CIRA followed appropriate accounting treatments for such items as gains and losses and, when applicable, made necessary adjustments to asset values.</p>	Procedures steps	N		
Delete	<p>Deleted the following substep:</p> <p>We evaluated whether the CIRA properly accounted for the excesses (e.g., goodwill) described in applicable accounting principles.</p>	Procedures steps	N		
Delete	<p>Deleted the following substep:</p> <p>We evaluated whether management has properly considered and concluded on whether to recognize an impairment loss for an other-than-temporary decline in the fair value of the VIE's individual assets below their respective carrying amounts.</p>	Procedures steps	N		

Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference	Roll Forward and Update Content Considerations
AUD-908 Interim Review Program: Management Inquiries					
Modify	Modified Practice Point (under step 16) now reads: Practice Point: Management is required to perform the assessment in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The failure to perform such an assessment and management's instructions to the auditor to not perform the assessment constitute a departure from U.S. GAAP, unless the entity is eligible to apply the accounting alternative in ASU No. 2014-07, <i>Applying Variable Interest Entities Guidance to Common Control Leasing Arrangements</i> .	Procedures steps	Y	ASU No. 2014-07	

Auditor's Reports (RPTs)

- NEW RPT-0935A** sample illustrative report provided for reporting on comparative financial statements with emphasis-of-matter paragraph when the opinion on the financial statements of a prior period is revised to reflect adoption of a private company council accounting alternative for VIEs that results in a change to a previously issued report

Correspondence Documents (CORs)

Tool	Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference
COR-201	Modify	Added note under Additional Guidance: Depending on the entity's structure, the agreement may be with management, those charged with governance, or both. When the agreement on the terms of engagement is only with those charged with governance, the auditor is required to obtain management's agreement that it acknowledges and understands its responsibilities. Under these circumstances, the auditor should obtain management's acknowledgement and agreement on the terms of the engagement.	Additional Guidance	Y	AU-C 210 Paragraph .A20
COR-202	Modify	Added new note: Depending on the entity's structure, the agreement may be with management, those charged with governance, or both. When the agreement on the terms of engagement is only with those charged with governance, the auditor is required to obtain management's agreement that it acknowledges and understands its responsibilities. Under these circumstances, the auditor should obtain management's acknowledgement and agreement on the terms of the engagement.	Additional Guidance	Y	AU-C 210 Paragraph .A20

Practice Aids (AIDs)

- **AID-201 Nonaudit Services Independence Checklist** Updated the Practice Alert addressing the revised AICPA Code of Professional Conduct (Code) in accordance with ET Section 1.280.030, “Member of a Common Interest Realty Association.”
- **AID-302** Updated with new Practice Alert for Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers* (Topic 606).

Resource Documents (RESs) No significant changes; updated references (QC Section 10); minor modifications as appropriate.

- **RES-001** modified for consistency and as appropriate in accordance with current audit and accounting guidance; updated for AU-C 9570.04; AU-C 200.12; AU-C 240.11; AU C GLO; and references to QC Section 10.
- **RES-002** modified as appropriate.

In addition, forms and practice aids throughout have been updated to include new examples and tips and, where applicable, to take into account:

New literature, standards, and developments, reflected in the following current audit and accounting guidance:

Statements on Auditing Standards (SASs):

SAS No. 129, *Letters for Underwriters and Certain Other Requesting Parties*

FASB Accounting Standards Codification as of December 31, 2015, and through Accounting Standards Update No. 2015-17

Users of this content should consider guidance issued subsequent to these items to determine their effect on engagements conducted using this product.

RELATED, FOUNDATIONS AND ASSOCIATION WORKPAPERS FOR THIS TITLE

Related workpapers are Knowledge Coach Word workpapers where information flows in or out of tables within the workpaper. Some of these related workpapers are Foundation workpapers or associated workpapers.

Foundation Workpapers include most of the Communication Hub workpapers, which are central to the Knowledge-Based Audit Methodology used by the Knowledge Coach titles. Associated workpapers require you to associate them with custom values, such as audit areas, specialists, service organizations, and other items. Workpapers require an association when you need to have more than one instance of a particular Knowledge Coach workpaper in your binder for each type of item to which the workpaper is related. Making this association allows Knowledge Coach information to flow properly between workpapers.
