ProSystem *fx* Scan 7.1.0.1 and Catalog Update 2011.2

IMPORTANT NOTE: This update must be applied to ProSystem *fx* Scan 7.0.0.34. If you are using ProSystem *fx* Scan 6.0.0.26 or earlier, you must upgrade to 7.0.0.34 prior to applying this update.

What's new in this release?

ProSystem *fx* Scan Catalog Updates:
- Improved extraction of the following forms in AutoFlow:
  - 1098
  - 1099-MISC
  - Combined Tax Statement
  - Gain and Loss Statements
- 1099-MISC was improved to support an altered technical scheme for importing purposes. Users of this form are especially encouraged to apply this update.
- New column, "Correct 1099-B Basis" was added to Gain and Loss details to allow importing into the newest version of ProSystem *fx* Tax.

ProSystem *fx* Scan Catalog Update Download and Installation Instructions:

1. From the computer that ProSystem *fx* Scan Administrator is installed on, download the installation file from the ProSystem *fx* Scan Support website – http://support.cch.com/updates/Scan.
2. Double-click the file and follow the on screen instructions.
3. **IMPORTANT NOTE**: After updating Scan Administrator, it is required that users also update ProSystem *fx* Scan Workstation in order to support Gain and Loss functionality. To update Scan Workstation, navigate to \\Computer Name\Workstation and run ProSystem fx Scan Workstation.exe

If you have questions regarding this update, please contact our ProSystem *fx* Scan Support team at **1-800-PFX-9998, option 6, option 3.**
