

## **ProSystem *fx* Tax v. 2007.05060 Louisiana Individual Schedule F Scan**

There was an issue with electronically filed returns with Louisiana Schedule E and Schedule F on releases 2007.05040 – 2007.05052. Information from these schedules was not flowing to the electronic file. Louisiana has been adjusting these returns without the amounts included in the schedule and issuing notices to the taxpayer. Note: If Schedule E-F AND Schedule H-G are both in the return, the information in the schedules were transmitted successfully. Returns that were changed by the Louisiana Dept. of Revenue can be faxed to 225-231-6238 for LA to make adjustments. Please indicate that the return was done with CCH software and it is regarding a problem with Schedule E-F.

These scans will identify returns with created between releases 2007.05040 and 2007.05052 that had information on Louisiana Schedule F that did not flow to the electronic file.
