

ProSystem *fx* Tax v. 2008.03062 Federal Individual 4868 Electronic Filing Scan

There was a problem with dates on extension returns for taxpayers who requested direct deposit and the taxpayer was out of the country on 4/15, or taxpayers who had foreign addresses. Payment amounts on these extensions should have been debited on April 15, but the electronic file indicated a debit date of June 15.

This scan identifies extension returns for taxpayers who request direct debit and are either out of the country on 4/15 or those with foreign addresses.
