

ProSystem *fx* Tax v. 2008.04010 Wisconsin MFS Estimate Scan

Wisconsin recently enacted legislation that increased personal income tax rates by creating a new tax bracket at higher income levels. This could potentially impact the estimated tax payments due for 2009 for certain individual taxpayers. The updated tax rates will be included in the 2008.04010 release. These scans identify returns that may be affected by this change.

This scan identifies Wisconsin 1040 returns filed as "married filing separately" and have taxable income over \$150,000

To install this scan:

1. Download the scan program into your ?:\WFX32 directory.
(where ? is the drive letter where your ProSystem *fx* programs reside)

Download W08IWIFS.EXE

2. From Start/Run type ?:\WFX32\W08IWIFS.EXE
(where ? is the drive letter where ProSystem *fx* programs are installed)

This self-extracting executable file will open a dialog allowing the user to select the location where the scan files will be extracted. The default location is C:\Wfx32 and should be changed to the user's Wfx32 directory location as appropriate.

To run this scan:

1. From Start/Run type ?:\WFX32\WIMFS ?
(where ? is the drive letter where ProSystem *fx* programs are installed)
Please remember, do not add a colon " : " after the last question mark (drive letter).
2. The scan output will automatically be sent to a text file which will be opened in Notepad. You can then use Notepad to print a copy of the scan output.
