## Updates to Current Telecommunications Database - Taxability Changes Effective January 2023

---

### Change to the Taxability Status of Charges for One-Time Access to Electronic Games for Purposes of Kentucky Sales & Use Tax

Among the taxes covered in our database is Kentucky Sales & Use Tax (as captured by Tax Types 01/01 & U1/01). Prior to this month's release, our database reflected that charges for one-time access to electronic games (as captured by Item 005 in Group 5037) were not subject to Kentucky Sales Tax. However, pursuant to legislation enacted in 2022<sup>11</sup> charges for one-time access to electronic games will now be subject to tax, effective January 1, 2023.

To quote the newly codified statutory provision which establishes this rule:

"A tax is hereby imposed upon all retailers at the rate of 6% of the gross receipts derived from:

The furnishing of the following services: **Prewritten computer software access services.**"<sup>12</sup>

In turn, the term "prewritten computer software access services" shall be defined to mean:

"the right of access to prewritten computer software where the object of the transaction is to use the prewritten computer software while possession of the prewritten computer software is maintained by the seller or a third party, wherever located, regardless of whether the charge for the access or use is on a per use, per user, per license, subscription, or some other basis."<sup>13</sup>

---

<sup>10</sup> Special Notice L-880 (Dated November 2022).

<sup>11</sup> Kentucky House Bill 8 (2022).

<sup>12</sup> Kentucky Revised Statutes § 139.200(2)(ay).

<sup>13</sup> Kentucky Revised Statutes § 139.010(33).

Based upon these legislative changes, it is our understanding that charges for Software as a Service (otherwise abbreviated as “SaaS”) will now be subject to Kentucky Sales & Use Tax, effective January 2023. Accordingly, given that one-time access to electronic games serves as an example of Software as a Service, we are hereby updating our database effective with this month’s release to reflect that such one-time charges for access to electronic games (as captured by Item 005 in Group 5037) will now be implicitly subject to Kentucky Sales & Use Tax.

#### **Change to the Taxability Status of Charges for Alarm Monitoring Services for Purposes of Kentucky Sales & Use Tax**

Among the taxes covered in our database is Kentucky Sales & Use Tax (as captured by Tax Types 01/01 & U1/01). Prior to this month’s release, our database reflected that charges for alarm monitoring services (as captured by Items 001 & 002 in Group 6004) were not subject to Kentucky Sales & Use Tax. However, pursuant to legislation enacted in 2022<sup>14</sup> charges for alarm monitoring services will now be subject to tax, effective January 1, 2023.

To quote the newly codified statutory provision which establishes this rule:

“A tax is hereby imposed upon all retailers at the rate of 6% of the gross receipts derived from:

The furnishing of the following services: **Residential and nonresidential security system monitoring services.**”<sup>15</sup>

Accordingly, we are hereby updating our database effective with this month’s release to reflect that charges for alarm monitoring services (as captured by Items 001 & 002 in Group 6004) will now be subject to Kentucky Sales & Use Tax.

### **System Changes Effective January 2023**

---

#### **Reinstatement of the Missouri Universal Service Fund**

Among the taxes covered in our database is the Missouri Universal Service Fund (as captured by Tax Type 26/80). Prior to this month's release, our database reflected that the rate for the Missouri Universal Service Fund was 0% due to the fact that this assessment has been suspended since January 2020.

However, as a result of action taken by the Missouri Public Service Commission, the Missouri Universal Service Fund is now being reinstated effective January 1, 2023.

To quote the official Notice that was published on the Missouri Universal Service Fund website:

#### **“MISSOURI USF ASSESSMENT REINSTATED EFFECTIVE JANUARY 1, 2023**

The Missouri USF assessment is suspended through December 31, 2022. On January 1, 2023, assessment obligations will resume at the rate of .0015 per a recent Missouri Commission order issued in Case No. TO-2019-0346.”<sup>16</sup>

Accordingly, effective with this month’s January release, our database shall be updated to reflect the fact that the Missouri Universal Service Fund (as captured by Tax Type 26/80) is being reinstated at the rate of 0.15% of Gross Receipts.
