

ATX™ Learning Portal

E-file Status

The E-file Status allows you to search for the current status of an e-filed return. To use this tool:

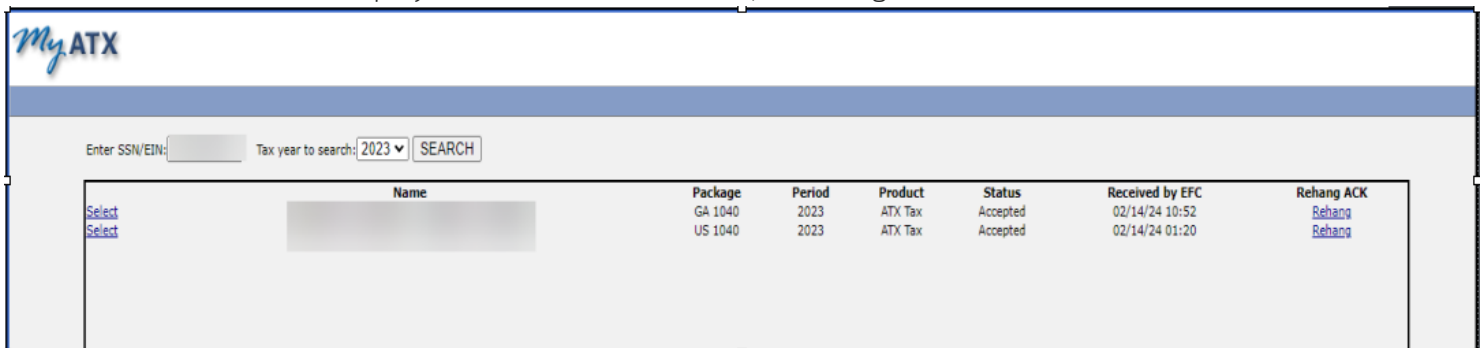

1. From the Solution Center, click **E-file Status** under the Quick Links heading. If you are not already logged in, you will be prompted to do so at this time.
2. The E-file Status displays in a separate browser tab. Type the Social Security number or Employer Identification number in the field, select the correct tax year, and click **Search**.

The screenshot shows the 'My ATX' logo at the top left. Below it is a search bar with the text 'Enter SSN/EIN:' followed by a red-outlined input field. To the right of the input field is the text 'Tax year to search:' followed by a dropdown menu showing '2023' and a 'SEARCH' button. Below the search bar is a large empty rectangular box for results.

 You can view the status of returns from the current year, as well as two previous years.

3. The E-file Status tool displays the results for this SSN, including both state and Federal e-files.

The screenshot shows the 'My ATX' logo at the top left. Below it is a search bar with the text 'Enter SSN/EIN:' followed by a red-outlined input field. To the right of the input field is the text 'Tax year to search:' followed by a dropdown menu showing '2023' and a 'SEARCH' button. Below the search bar is a table with the following columns: Name, Package, Period, Product, Status, Received by EFC, and Rehang ACK. The table contains one row of data.

Name	Package	Period	Product	Status	Received by EFC	Rehang ACK
Select Select	GA 1040 US 1040	2023 2023	ATX Tax ATX Tax	Accepted Accepted	02/14/24 10:52 02/14/24 01:20	Rehang Rehang

 If the return status in your tax program does not reflect the same status as the E-file Status, click **Rehang Ack** to resend the acknowledgement to your program.

4. You can view the details about the acknowledgement, including any reject codes by clicking **Select for that row**.
5. The acknowledgement details consist of three tabs: General Information, Disbursements, and Reject History. The General Information tab shows basic return information, E-file status, and the status of the Bank Product if applicable. **Click Disbursements**.
