New in this Release

CCH Access Common

CCH Access SSO has been enhanced for security and to ensure IRS compliance. Users can now easily modify, add, or delete phone numbers for 2-Step Verification, offering more control over the multi-factor options. The CCH Access active session timeout will be shortened from 24 hours to 12 hours to align with compliance standards and safeguard user accounts.

Fixed in this Release

Accounts Receivable

The last updated database field for invoices now updates consistently when changes to the invoices paid amount or paid status are posted.

The last updated database field for finance charges and miscellaneous charges now updates consistently when changes to the applied cash, credits or debits are posted.
