NEW IN THIS RELEASE
ProSystem *fx* Practice (SaaS)

Technical corrections and usability enhancements have been provided which:

◆ Improve accounts receivable distribution when a client receivable consists of both open invoices and debit memos.
◆ Address the automatic and manual distribution of multiple payments to a miscellaneous charge.
◆ Restore the ability to un-bill WIP with adjustments.
◆ Provide sort functionality across all pages in a billing view.
◆ Display records in billing views default sorted by Client ID then Client Sub ID.
◆ Allow the display in billing views of only those records which are greater than or equal to a specified amount.
