Tax Updates

All Systems

Tax year 2019 federal product updates related to the recently passed CARES Act are tentatively scheduled for release 2019-3.4 on April 26, 2020. Tax year 2017 and tax year 2018 updates are being planned, with release dates to be determined. State changes for all three years will be dependent on guidance from each state taxing authority.

Individual, Corporation, Fiduciary, Gift, and Tax Exempt

IRS Notice 2020-18 moves the due date for Individual, Corporation, Fiduciary, Gift, and 990-T returns and payments that were formerly due on April 15, 2020, to July 15, 2020. The current default will now be July 15 for these returns. The default date can be changed to April 15, 2020, using the following:

- **Individual.** General > Return Options > Processing Options > Use original due dates
- **Corporation.** General > Return Options > Calculation Options > Use original due dates
- **Fiduciary.** General > Return Options > Miscellaneous Options > Use original due dates
- **Gift.** Updates will be available in release 2019-3.3.2
- **Form 990-T.** General > Return Options > Processing Options > Use original due date

Equivalent updates for states will be available on our next release, tentatively scheduled for April 12, 2020.

Individual

Oklahoma issued a new form to request a stop of pre-scheduled payments. It must be emailed, so we will not produce this form in our software. It can be located at <https://www.ok.gov/tax/documents/511-SP.pdf>.

Other states are providing guidance on changing April 15 scheduled payments. State tax websites provide the best information for requesting changes of this type.

Electronic Filing Updates

The IRS will accept payments delayed until July 15 for electronically filed returns, including the first quarter estimate payment. This release removes the federal disqualifying diagnostic related to delayed return and estimate direct debits. State disqualifying diagnostics related to delayed direct debit will be removed on the next release. The previously published override codes will continue to work for states, presuming that state's business rule has been lifted:

- Individual - Wisteria
- Corporation - olive11
- Fiduciary - Brie

 **Note:** All other disqualifying diagnostics must be cleared prior to using the override code for delayed payments. Returns will be rejected if other disqualifying diagnostics are present.
