

# CCH Axxess Workstream

## Welcome to CCH Axxess Workstream

This bulletin provides important information about the 2012-4.1.1 release of CCH Axxess Workstream. Please review this bulletin carefully. If you have any questions, contact Customer Support at 1-877-977-9PFX (9739). Additional information is available on [CCH Support Online](#).

You can also visit <http://support.cch.com/productsupport/productsupport> for additional important information about CCH Axxess products, including:

- Release Bulletins
- CCH Axxess Support Calendar
- Your e-fxNews Profile
- Training Videos
- Speed Tests

Please visit the [CCH Axxess Application Status](#) Web page to view in real time the current status of any of the Axxess applications. The Application Status Web page is updated every 15 minutes. You can visit this site at any time, including when support is closed.

## Technical Corrections

---

### Roll Forward

A previously identified concern with roll forward was addressed in this update. Projects with more than one workstep now roll forward appropriately with the worksteps open.

**Note:** If you have rolled forward any projects containing more than one workstep since the 2012-3.4.1 CCH Axxess update in May 2013, please contact our Technical Support team for assistance.
