

# ProSystem fx Engagement Release 6.11 Client Intelligence Update 042013

## Description

This update is only for ProSystem fx Engagement customers on release 6.11 and using the Client Intelligence Connector. This update will correct an issue with the Client Intelligence menu item not appearing after installing the ProSystem fx Engagement 6.11 February Update.

This update should be installed on all Workpaper Management workstations or Terminal Services Client workstations using ProSystem fx Engagement release 6.11.

**Note:** The Engagement 6.11 Knowledge Coach 1.11 – February Update for ProSystem fx Engagement must be installed prior to installing this update. This update can be downloaded from:

<http://support.cch.com/updates/Engagement/>.

## How to install:

1. Close ProSystem fx Engagement before running this update.
2. Download the file for the **6.11ClientIntelligence042013** from <http://support.cch.com/updates/ClientIntelligence>.
  - a. The **6.11ClientIntelligence042013.exe** file can be installed on all supported operating systems. This file also provides elevated privileges for installations on machines with Microsoft Windows Vista, Server 2008 or Windows 7 operating systems.
  - b. The **6.11ClientIntelligence042013.msp** file allows for Workpaper Manager push installations. It is designed for use with scripts and Microsoft Active Directory Group Policy installations. This file does not support slip streaming.

**Note:** If you run a push installation, you must re-push the **2012 Tax Grouping Update Wizard v2**. This update can be downloaded from: <http://support.cch.com/updates/Engagement/>.
3. Double-click on **6.11ClientIntelligence042013.exe** to begin the installation.
4. Follow the prompts to finish the update.

**Note:** In the event you repair or reinstall Engagement, you will **not** need to reapply this update.
