

# 2021 GOVERNMENT ENTITIES OVERVIEW FOR KNOWLEDGE COACH USERS

## PURPOSE

This document is published for the purpose of communicating, to users of the toolset, updates and enhancements included in the current version. This document is not, and should not be used as an audit program to update the audit documentation of an engagement started in a previous version of this product.

## WORKPAPER UPDATES AND ROLL FORWARD NOTES

### General Roll Forward Note:

You must be the current editor of all Knowledge Coach workpapers to update to the latest content, and you must be the current editor upon opening the updated workpaper for the first time to ensure you see the updated workpaper.

The **2020 Knowledge-Based Audits of Governmental Entities** have been updated to help auditors conduct efficient and effective audit engagements in accordance with U.S. GAAS and GAGAS and to take into account the latest literature, standards, and guidance, including:

- The 2018 Revision of the Yellow Book (GAGAS)
- AICPA Statement on Auditing Standards (SAS) No. 134, *Auditor Reporting and Amendments, Including Amendments Addressing Disclosures in the Audit of Financial Statements*;
- SAS No. 135, *Omnibus Statement on Auditing Standards – 2019*;
- SAS No. 137, *The Auditor's Responsibilities Relating to Other Information Included in Annual Reports*;
- SAS No. 138, *Amendments to the Description of the Concept of Materiality*;
- SAS No. 139, *Amendments to AU-C Sections 800, 805, and 810 to Incorporate Auditor Reporting Changes From SAS No. 134*;
- SAS No. 140, *Amendments to AU-C Sections 725, 730, 930, 935, and 940 to Incorporate Auditor Reporting Changes From SAS Nos. 134 and 137*;
- SAS No. 141, *Amendment to the Effective Dates of SAS Nos. 134-140*; and
- AICPA Ethics Interpretation, *Information System Services* (ET sec.1.295.145).

The 2021 tools include links to detailed analysis related to the steps and processes discussed in the workpapers. Many new tips and examples have been incorporated. Also included are revised financial statement disclosures checklists that provide a centralized resource of the required and recommended U.S. GAAP disclosures and key presentation items currently in effect, using the style referencing under the FASB Accounting Standards Codification™.

**Caution: This title should only be used by auditors who are implementing the requirements of SAS No. 134 – 140. For engagements where those standards will not yet be implemented, the auditor should continue to use the 2020 title, released on 5/21/2020.**

If you are not an early adopter, you still must install this title to obtain the updated KBA-901 Financial Statement Disclosure Checklist. The disclosure checklist is an independent workpaper and can be added to a binder without updating the other content for the new standards.

After installing, if you choose not to release the title, there are three options for inserting the updated disclosure checklist into a binder:

**Note:** Each of these options requires a staff member or group to have the right "Insert Workpapers from Unreleased Titles" which can be assigned in the ADMIN module. The staff with this right are noted as "select staff members" in the options below.

- Select staff members can insert the updated checklist and delete the existing checklist from the binder. The new checklist will not include any of the prior responses. However, the user can refer to the checklist in the prior year binder and copy/paste any relevant information.

- Select staff members can use the Update Knowledge Coach Content feature to update to the 2020 checklist. To do this, first check in all workpapers except KBA-901 Financial Statement Disclosures Checklists to avoid accidentally updating other workpapers. Then, right-click on KBA-901 in the binder and select **Update Knowledge Coach Content > Update Selected Knowledge Coach Workpapers** to update only the disclosure checklist to the 2020 version. This option retains responses from the prior year other than the tailoring questions (table of contents). If other forms are accidentally updated, the changes cannot be undone.
- Select staff members can create a binder template with just the updated disclosure checklist. Then, other staff members can copy and paste the disclosure checklist from the template into the client engagement binders. The new checklist will not include any of the prior responses. However, the user can refer to the checklist in the prior year binder and copy/paste any relevant information.

For the Update Knowledge Coach Content option, you should insert the complex version of the workpaper prior to updating; this will retain information from the now obsolete noncomplex version. We recommend publishing the noncomplex versions prior to selecting the Update Knowledge Coach Content option so you have access to the data after updating, as the noncomplex version will be obsolete.

The 2021 edition of *Knowledge-Based Audits of Governmental Entities* includes the following updates:

<b>KBA-102 Engagement Completion Document</b>					
Added	<p>New TQ, “Is the auditor engaged to report on Key Audit Matters?” that will flow from AUD-100.</p> <p>Please review KCO-003 Answer Effects for the Engagement-Level Tailoring Questions Workpaper for al functioning of this new TQ.</p>	TQ Table			
Modify	<p>Added information regarding AU-C Section 701 and key audit matters to the instructions including the Practice Point below.</p> <p><b>Practice Alert:</b> In May 2019, the AICPA’s Auditing Standards Board (ASB) issued Statement on Auditing Standards No. 134 (SAS-134), <i>Auditor Reporting and Amendments, Including Amendments Addressing Disclosures in the Audit of Financial Statements</i>. The changes in SAS-134 are intended to enhance the relevance and usefulness of the auditor’s report and provide financial statement users with more meaningful information about the audit. The suite of new standards on auditor reporting will result in the first significant changes to auditor’s reports in years, most notably the re-ordering of report sections and, when applicable, the reporting of key audit matters. SAS-134 makes important changes to the requirements for the form and content of the auditor’s report issued as a result of an audit of financial statements. In addition, it addresses the auditor’s responsibilities to form an opinion on the financial statements. This standard makes the following changes to the reporting standards:</p> <ul style="list-style-type: none"> <li>● <i>Forming an Opinion and Reporting on Financial Statements</i> (Section 700 in SAS-134) addresses the form and content of the auditor’s report and the auditor’s responsibility to form an opinion on the financial statements.</li> <li>● <i>Communicating Key Audit Matters in the Independent Auditor’s Report</i> (Section 701 in SAS-134) notes that reporting of Key Audit Matters (KAMs) is not required unless the auditor is specifically engaged to report on KAMs.</li> <li>● <i>Modifications to the Opinion in the Independent Auditor’s Report</i> (Section 705 in SAS-134) addresses how the form and content of the auditor’s report are affected when the auditor expresses a modified opinion (i.e., a qualified opinion, an adverse opinion, or a disclaimer of opinion) on the financial statements.</li> <li>● <i>Emphasis-of-Matter Paragraphs and Other-Matter Paragraphs in the Independent Auditor’s Report</i> (Section 706 in SAS-134) notably clarifies the relationship between emphasis-of-matter paragraphs and the communication of KAMs in the auditor’s report.</li> </ul>	Instructions	New or Revised Guidance	SAS No. 134	

Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference	Roll Forward and Update Content Considerations
	<p>SAS-134 supersedes the following sections of the AICPA Auditing Standards Codification:</p> <ul style="list-style-type: none"> <li>● AU-C Section 700, <i>Forming an Opinion and Reporting on Financial Statements</i>;</li> <li>● AU-C Section 705, <i>Modifications to the Opinion in the Independent Auditor's Report</i>; and</li> <li>● AU-C Section 706, <i>Emphasis-of-Matter Paragraphs and Other-Matter Paragraphs in the Independent Auditor's Report</i>.</li> </ul> <p>SAS-134 also creates a new AU-C Section 701, <i>Communicating Key Audit Matters in the Independent Auditor's Report</i>.</p> <p>SAS-134 is effective for audits of financial statements for periods ending on or after December 15, 2020. Early implementation is <b>not</b> permitted. This toolset fully incorporates the requirements of SAS-134.</p>				
Modify	Modified Prior Year table headers for documentation of significant matters, findings or issues.	Table	Clarification		Table will retain on roll forward if user selects to keep all responses on roll forward.
Modify	<p>Modified Significant Findings or Issues Table to address Key Audit Matters by adding two new columns as follows:</p> <p>If Engaged to Report Key Audit Matters, Will the Finding or Issue be Communicated and Included in the Auditor's Report as a Key Audit Matter?</p> <p>Rationale for Auditor's Determination of Whether a Matter Is a Key Audit Matter</p> <p>Both columns will show if the NEW Key Audit Matters TQ in AUD-100 is answered as "Yes".</p>	Table	New or Revised Guidance	SAS No. 134	
<b>KBA-103 Evaluating and Communicating Internal Control Deficiencies</b>					
Modify	Minor wording changes in the instructions	Instructions	New or Revised Guidance	SAS No. 135	
Added	<p>New Default Answers for columns 12 – 15 in "Evaluation of Internal Control Deficiencies" Table</p> <p>If Column 12 is "Yes", then Columns 13, 14, and 15 will default to "N/A"</p> <p>If Column 14 is "Yes", then Column 15 will default to "N/A"</p>	Table			On roll forward the answers to columns 13, 14, or 15 might update if user had incorrect answer in prior period.

Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference	Roll Forward and Update Content Considerations
Modify	Modified column, “Defic. No. From Above” in the “Communication of Internal Control Deficiencies” table so that deficiencies will be ordered by number or alphabetical when the deficiencies flow down.	Table			On roll forward the items will retain but may be reordered in this table if user selects to keep all responses.
<b>KBA-200 Entity Information and Background</b>					
Modify	<p>Slightly modified step, “List component, location, or segment” and added related note.</p> <p><b>Note:</b> In an audit of an entity with operations in multiple locations or with multiple components, the auditor must comply with the requirements of AU-C Section 600, <i>Special Considerations—Audits of Group Financial Statements (Including the Work of Component Auditors)</i> regardless of whether another auditor has been engaged to perform audit procedures at the component entity, and should consider the extent to which audit procedures should be performed at selected locations, business units, or components. The auditor’s objective is to obtain sufficient appropriate audit evidence about whether the entity’s consolidated financial statements are free of material misstatement. The auditor should correlate the amount of audit attention devoted to the location or business unit with the degree of risk of material misstatement associated with that location or business unit.</p> <p>When determining whether an engagement requires group audit consideration, the auditor should consider the following factors:</p> <ul style="list-style-type: none"> <li>• All consolidated financial statements;</li> <li>• All combined financial statements (i.e., components under common control);</li> <li>• If more than one location or division/branch/business segment exist;</li> <li>• Joint ventures;</li> <li>• Investees accounted for under the equity method or cost method, less impairment if applicable; and</li> <li>• Certain governmental considerations; for example, a component may be a separate legal entity reported as a component unit or part of the governmental entity such as a business activity, department or program.</li> </ul> <p>The auditor should consider the following factors when determining which locations or business units should be tested and when determining the nature, timing, and extent of the audit procedures to be performed:</p> <ul style="list-style-type: none"> <li>• The nature and amount of assets, liabilities, and transactions executed at the location or business unit, including, for example, significant transactions executed at the location or business unit that are outside the normal course of business for the entity, or that otherwise appear to be unusual given the auditor’s understanding of the entity and its environment;</li> <li>• The materiality of the location or business unit;</li> <li>• The specific risks associated with the location or business unit that present a reasonable possibility of material misstatement to the entity’s consolidated financial statements;</li> <li>• Whether the risks of material misstatement associated with the location or business unit apply to other locations or business units such that, in combination,</li> </ul>	Procedures	Enhancement		Step will retain on roll forward using default settings

Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference	Roll Forward and Update Content Considerations
	<p>they present a reasonable possibility of material misstatement to the entity's consolidated financial statements;</p> <ul style="list-style-type: none"> <li>• The degree of centralization of records or information processing;</li> <li>• The effectiveness of the control environment, particularly with respect to management's control over the exercise of authority delegated to others and its ability to effectively supervise activities at the location or business unit; and</li> <li>• The frequency, timing, and scope of monitoring activities by the entity or others at the location or business unit.</li> </ul> <p>The auditor may also consider the following factors when determining the nature, timing, and extent of audit procedures for entities with multiple locations or business units:</p> <ul style="list-style-type: none"> <li>• Existence of subsidiaries or variable interest entities that will require consolidation;</li> <li>• Subsidiaries or other locations that are to be audited by component auditors;</li> <li>• Specialized knowledge that is required for subsidiaries or other locations;</li> <li>• Reporting currency or other location-specific requirements;</li> <li>• Communications with component auditors about the scope of their procedures and other professional requirements regarding the auditor's reliance on their work;</li> <li>• How to obtain evidence regarding the design and operation of internal controls when the entity uses an outside service organization to process significant or unusual transactions;</li> <li>• Information known from prior audits and whether the auditor may obtain and update evidence concerning the design and operation of internal controls initially obtained in prior-year audits;</li> <li>• How Information technology (IT) affects the audit, including the availability of client data and whether computer-assisted auditing techniques will be required or used. The auditor may need to consider the use of a specialist to test the operating effectiveness of both IT general and application controls;</li> <li>• The possibility of spreading the audit procedures and coverage over the year, particularly in connection with the timing of any interim reviews; and</li> <li>• The availability of client personnel, as well as coordination of entity support such as lead schedules and other supporting schedules requested by the auditor.</li> </ul> <p>Also, to introduce unpredictability into the testing, the auditor should vary the nature, timing, and extent of audit procedures to be performed at locations or business units from year to year.</p> <p>The auditor may eliminate from further consideration locations or business units that, individually or when aggregated with others, do not present a reasonable possibility of material misstatement to the entity's consolidated financial statements. In lower-risk locations or business units, the auditor first might evaluate whether testing entity-level controls, including controls in place to provide assurance that appropriate controls exist throughout the organization, provides the auditor with sufficient appropriate audit evidence.</p>				
<b>KBA-201 Client/Engagement Acceptance and Continuance Form</b>					

Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference	Roll Forward and Update Content Considerations
Added	New TQ, “Is the auditor engaged to report on Key Audit Matters?” that will flow from AUD-100.  Please review KCO-003 Answer Effects for the Engagement-Level Tailoring Questions Workpaper for al functioning of this new TQ.	TQ Table	New or Revised Guidance	SAS No. 134	
Modify	Under part 1, added steps 5l and 5m which read as follows:  o. Are you aware of any relationships or transactions with related parties?  p. Are you aware of any significant transactions that are outside the normal course of business for the entity or that otherwise appear to be unusual due to their timing, size, or nature?	Procedures	New or Revised Guidance	SAS No. 135	
Modify	Under Part 2, Section I, modified step 2g and added step 2y which read as follows:  g. Are there undisclosed related-party relationships or transactions?  z. If the entity is adopting or has adopted new accounting standards, are its internal controls inadequate to address the potential impact of the new standard’s required data and disclosures?	Procedures	New or Revised Guidance	SAS No. 135	Modified step will retain on roll forward using default settings.
Modify	Under Part 2, Section III, modified step 2a which now reads as follows:  a. Are the preconditions for an audit present and do we understand the following:  i. The purpose for which the financial statements are prepared and whether the financial reporting framework applied in the presentation of the financial statements is a fair presentation framework;  ii. The intended users of the financial statements;  iii. The acceptability of the financial reporting framework applied in the preparation of the financial statements, including the steps taken by management to determine that it is acceptable in the circumstances;  iv. The agreement of management and, where appropriate, those charged with governance, to the premise on which an audit is conducted;  v. The agreement of management that it acknowledges and understands its responsibilities:	Procedures	New or Revised Guidance	SAS No. 134	Step will reset on roll forward due to content changes.

<b>KBA-301 Worksheet for Determination of Materiality, Performance Materiality, and Thresholds for Trivial Amounts</b>					
Modify	<p>Added practice point regarding SAS-138</p> <p><b>Practice Alert:</b> In December 2019, the AICPA’s Auditing Standards Board (ASB) issued Statement on Auditing Standards (SAS) No. 138, Amendments to the Description of the Concept of Materiality, which amends the definition and concepts of materiality to better align them with the U.S. judicial system, the auditing standards of the PCAOB, the U.S. Securities and Exchange Commission (SEC), and the Financial Accounting Standards Board (FASB). The ASB believes it is in the public interest to eliminate inconsistencies in the</p>	Purpose	New or Revised Guidance	SAS No. 138	

Type of Change	Description of Change	Location	Based on Standard Y/N	Standard Reference	Roll Forward and Update Content Considerations
	<p>definition and concept of materiality, while also stating that they do not believe there will be a change in practice. SAS No. 138 states that:</p> <p>In general, misstatements, including omissions, are considered to be material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. Judgments about materiality involve both qualitative and quantitative considerations.</p> <p>SAS-138, as issued, was effective for audits of financial statements for periods ending on or after December 15, 2020. However, in Spring of 2020, the ASB voted to defer the effective date and SAS-138 is now effective for periods ending on or after December 15, 2021. This toolset incorporates the requirements of SAS-138.</p>				
<b>KBA-302 Understanding the Entity and Its Environment</b>					
Modify	<p>Under Section I, modified 2a and 2b under “Regulatory Environment”, which now read as follows:</p> <ul style="list-style-type: none"> <li>a. Regulatory framework for a regulated industry, including requirements for disclosures (e.g., high degree of complex regulation including, but not limited to: public utilities, hospitals, insurance entities, health and human services, and elementary and secondary education).</li> <li>b. New accounting principles and type of government-specific practices including industry-specific significant classes of transactions, account balances, and related disclosures in the financial statements.</li> </ul>	Procedures	New or Revised Guidance	SAS No. 134	The second step will reset on roll forward due to content changes.
Modify	<p>Under Section II, modified 4f and 4m; added 4g under “Selection and Application of Accounting Principles, Including Related Disclosures (i.e., Financial Reporting)”, which now read as follows:</p> <ul style="list-style-type: none"> <li>f. Events or transactions that result in significant measurement uncertainty, including accounting estimates and related disclosures (e.g., allowance for doubtful accounts, accruals, impairment).</li> <li>g. Omitting, misstating, or obscuring, significant information in disclosures.</li> <li>h. Type of government-specific significant classes of transactions, account balances, and related disclosures in the financial statements (e.g., student receivables for colleges and universities).</li> </ul>	Procedures	New or Revised Guidance	SAS No. 134	Step g is a new step, others will retain on roll forward with default settings.
Modify	Under Section VI, Subsection 1, under “Opportunities” deleted 2a and added 2a and 2b; modified 2e; added 2h; and modified 2l as follows:	Procedures	New or Revised Guidance	SAS No. 135

	<ul style="list-style-type: none"> <li>a. There are related-party transactions that are also significant unusual transactions.</li> <li>b. There are significant transactions with related parties whose financial statements are not audited or are audited by another firm.</li> <li>e. There are significant or highly complex transactions, or significant unusual transactions,</li> <li>h. The entity has contractual arrangements lacking a business purpose or commercial or economic substance.</li> <li>l. There is ineffective monitoring of management as a result of: <ul style="list-style-type: none"> <li>• Domination of management by a single person or small group (in a non-owner-manager business) without compensating controls.</li> <li>• Ineffective oversight by those charged with governance over the financial reporting process and internal control.</li> <li>• The exertion of dominant influence by or over a related party.</li> </ul> </li> </ul>				
<b>KBA-303 Inquiries of Management and Others Within the Entity About the Risks of Fraud and Noncompliance with Laws and Regulations</b>					
Modify	<p>Under “Inquiries of Management” modified step 3 and added step 6 as follows:</p> <ul style="list-style-type: none"> <li>3. Do you assess the risk that the financial statements (including the individual statements and the disclosures) may be materially misstated due to fraud, and how and how often do you make that assessment?</li> <li>6. Has the entity entered into any significant unusual transactions? If so, describe the nature, terms, and business purpose (or lack thereof) of those transactions and whether such transactions involved related parties.</li> </ul>	Procedures	New or Revised Guidance	SAS No. 134; SAS No. 135	Step 6 is a new step. Step 3 will retain on roll forward if user selects to keep all responses on roll forward.
Modify	<p>Under “Inquiries of Those Charged with Governance” added step 3 as follows:</p> <p>Are you aware of any significant unusual transactions entered into by the entity?</p>	Procedures	New or Revised Guidance	SAS No. 135

	<p><b>Practice Point:</b> If modified, document the nature of the qualification(s), and any potential effect it may have on the risk of a material misstatement in the entity's financial statements. A qualification may affect a single control objective or may affect several control objectives.</p>				
Modify	<p>Moved step 1 into its own table above the description of the professional reputation of the service auditor:</p> <ol style="list-style-type: none"> <li>1. We performed procedures to become satisfied as to: <ol style="list-style-type: none"> <li>a. The service auditor's professional competence.</li> <li>b. The service auditor's independence from the service organization.</li> <li>c. The adequacy of the standards under which the service auditor's report was issued.</li> </ol> </li> </ol> <p><b>Practice Point:</b> Procedures may include reviewing on-line sources of information regarding the service auditor's standing (e.g., Public Company Accounting Oversight Board (PCAOB) website, AICPA Peer Review status website; and the applicable state accountancy board website). If no information can be found, the auditor should document that fact, and evaluate the effect on the audit.</p>	Procedures	Improved Workflow		Steps will retain from prior table on roll forward using default settings.
Add	<p>Added step 8d regarding the period not covered by the Type 2 report:</p> <p>If the Type 2 report does not cover a significant portion of the period covered by the entity's financial statements, obtaining audit evidence regarding the operating effectiveness of controls for the period that is not covered by the Type 2 report by performing additional procedures.</p>	Procedures	Enhancement		
Modify	<p>Modified step 9 and 10 regarding exclusion of subservice organizations, which now reads as follows:</p> <p>If we plan to use a Type 1 or a Type 2 report that excludes the services provided by a subservice organization and those services are relevant to the audit of the financial statements, we identified the functions performed by the subservice organization and applied the requirements of AU-C Section 402, <i>Audit Considerations Relating to an Entity Using a Service Organization</i>, with respect to the services provided by the subservice organization. If the service organization uses the carve-out method and the functions of the subservice organization are significant and relevant to the entity's internal control over financial reporting, we obtained additional information about the subservice organization's controls.</p>	Enhancement			Steps will reset on roll forward due to content changes.

	If we expect to issue an unmodified auditor’s report, we will not refer to the work of the service auditor unless required by law or regulation to do so. If such reference is required by law or regulation, our report will indicate that the reference does not diminish our responsibility for the audit opinion.				
<b>KBA-501 Team Discussion and Consideration of the Risks of Material Misstatement</b>					
Modify	<p>Updated references to the entity’s financial statements to include the related disclosures.</p> <p>Added new Practice Point:  <b>Practice Alert:</b> In May 2019, the AICPA’s Auditing Standards Board (ASB) issued Statement on Auditing Standards No. 135 (SAS-135), <i>Omnibus Statement on Auditing Standards - 2019</i>. The purpose of this standard is to better align AICPA auditing standards with the PCAOB auditing standards. Since the ASB completed its auditing standards clarity project, which clarified generally accepted auditing standards (GAAS) and converged them with the International Standards on Auditing (ISAs) issued by the IAASB, the PCAOB has issued Auditing Standard (AS) 1301, <i>Communications With Audit Committees</i>; AS 2701, <i>Auditing Supplemental Information Accompanying Audited Financial Statements</i>; and AS 2410, <i>Related Parties</i>. The ASB has issued amendments to GAAS for requirements in the PCAOB auditing standards that the ASB believes does not have an equivalent in GAAS.</p> <p>SAS-135 amends AU-C Section 240, <i>Consideration of Fraud in a Financial Statement Audit</i>, by introducing the term <i>significant unusual transactions</i> and defining it as “significant transactions that are outside the normal course of business for the entity or that otherwise appear to be unusual due to their timing, size, or nature” and adding additional factors to be considered.</p> <p>SAS-135 also amends AU-C Section 315, <i>Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement</i>, to make a conforming amendment for the use of the term <i>significant unusual transactions</i> as discussed above, that is by changing “nonroutine” and “outside the normal course of business” transactions to <i>significant unusual transactions</i>.</p> <p>SAS-135 is effective for audits of financial statements for periods ending on or after December 15, 2020. This toolset incorporates the requirements of SAS-135.</p>	Purpose, Instructions, Procedures	New or Revised Guidance	SAS No. 134, 135	
Modify	Updated factors to consider in determining whether a risk is a significant risk to include significant unusual transactions (rather than outside the normal course of business) and related-party transactions that are also significant unusual transactions.	Procedures	New or Revised Guidance	SAS No. 135	
Modify	Under “Identification of Risks of Material Misstatement” modified step 1a to include obscure disclosures:	Procedures	New or Revised Guidance	SAS No. 134	Step will retain on roll forward if user selects to keep all responses on roll forward.

	We discussed the following matters that may be relevant in identifying risks of fraud: Risk of omitted, obscure, incomplete, or inaccurate disclosures.				
<b>KBA-502 Summary of Risk Assessments</b>					
Modify	Updated factors to consider in determining whether a risk is a significant risk to include significant unusual transactions (rather than outside the normal course of business) and related-party transactions that are also significant unusual transactions.	Instructions	New or Revised Guidance	SAS No. 135	
Modify	Under “Section I: Financial-Statement-Level Risks” modified the planned overall response related to management override of internal controls to address the entity’s business purpose (rather than rationale) for significant unusual transactions.	Procedures	New or Revised Guidance	SAS No. 135	
Added	New Default Answer if user isn’t testing controls (by selecting “No” to “Has the auditor been engaged to perform an integrated audit (i.e., an audit of internal control over financial reporting that is integrated with the audit of financial statements)?” or “Does the auditor intend to test the operating effectiveness of internal controls over financial reporting?” and Column 5, “Controls Selected for Testing of Operating Effectiveness” is “No”, then Column 7, “CR” will default to “Max”				On roll forward if user selects to keep all responses then any responses that were incorrect will default to this new default answer.
<b>KBA-503 Basis for Inherent Risk Assessment</b>					
Modify	Added columns to table for relevant assertion and inherent risk assessment to aid in documenting the basis for inherent risk.  This information will flow from KBA-502  Users will now select in the first column, “Significant Audit Areas” the audit areas where the user wants to document the basis for inherent risk. After selecting the audit area, the two columns above will flow in. The user also now has the ability to only document the basis for inherent risk assessment for audit area or for a particular assertion related to that audit area. <b>KBA-902 Audit Review and Approval Checklist</b>					
Added	New TQ, “Is the auditor engaged to report on Key Audit Matters?” that will flow from AUD-100.  Please review KCO-003 Answer Effects for the Engagement-Level Tailoring Questions Workpaper for al functioning of this new TQ.	TQ Table			
Modify	Under “Section I: Detailed Auditor Review” modified step 9 and under “Section II: Engagement Partner Review” modified step 8 to address key audit matters:  The Engagement Completion Document adequately addresses significant findings and issues identified during the audit, including identification and evaluation of key audit matters when the auditor is engaged to report on key audit matters.	Procedures	New and Revised Guidance	SAS-134	Step will reset on roll forward due to content changes.
Add	Under “Section III: Concurring Partner Review” and “Section IV: Engagement Quality Control Review” added step 4d for key audit matters:  If engaged to report on key audit matters, the engagement team’s conclusion regarding the identification, description, communication, and inclusion in the auditor’s report of key audit matters or if applicable, depending on the facts and circumstances of the entity and the audit engagement, that there were no key audit matters to communicate in the auditor’s report.  Step will show/hide based on new TQ above.	Procedures	New and Revised Guidance	SAS-134	
Modify	Under “Section III: Concurring Partner Review” and “Section IV: Engagement Quality Control Review” modified step 5 which now reads as follows:	Procedures	New and Revised Guidance	SAS-137	Step will retain on roll forward if user selects to keep all responses on roll forward.

Add	<p>Added step 23 regarding key audit matters:</p> <p>If we were engaged to report on Key Audit Matters, we have documented the following (AU-C 701):</p> <ul style="list-style-type: none"> <li>a. The communications with those charged with governance and the appropriate audit documentation relating to each individual matter.</li> <li>b. The determination, from the matters communicated with those charged with governance, of the matters that required significant auditor attention and whether or not each of those matters is a key audit matter.</li> <li>c. Why the matter was determined to be a key audit matter.</li> <li>d. How each key audit matter was addressed in the audit.</li> <li>e. When applicable, the rationale for our determination that there are no key audit matters to communicate in the auditor’s report.</li> <li>f. When applicable, the rationale for our determination that the only key audit matters to communicate in the auditor’s report are matters giving rise to a qualified opinion or involving substantial doubt about an entity’s ability to continue as a going concern for a reasonable period of time.</li> <li>g. When applicable, the rationale for our determination not to communicate in the auditor’s report a matter determined to be a key audit matter.</li> </ul> <p>Step will show/hide based on new TQ, above.</p>	Procedures	New and Revised Guidance	SAS-134	
Add	<p>Added step 24 regarding other information contained in the annual report:</p> <p>2. If the auditor’s report is included in an entity’s annual report that contains other information, we have documented the following (AU-C 720):</p> <ul style="list-style-type: none"> <li>a. The procedures performed regarding other information contained in the entity’s annual report; and</li> <li>b. ## RELATED, FOUNDATIONS AND ASSOCIATION WORKPAPERS FOR THIS TITLE

Related workpapers are Knowledge Coach Word workpapers where information flows in or out of tables within the workpaper. Some of these related workpapers are Foundation workpapers or associated workpapers.

Foundation Workpapers include most of the Communication Hub workpapers, which are central to the Knowledge-Based Audit Methodology used by the Knowledge Coach titles.

Associated workpapers require you to associate them with custom values, such as audit areas, specialists, service organizations, and other items. Workpapers require an association when you need to have more than one instance of a particular Knowledge Coach workpaper in your binder for each type of item to which the workpaper is related.

Making this association allows Knowledge Coach information to flow properly between workpapers.
