New in this Release

2022 Extension Forms

Extension Forms are now available for Tax Year 2022. This patch is only needed if you print extension forms from Practice Management.

Getting Started with this Release

This download is supported for version 2016.16.04 or higher. If you have not installed 2016.16.04 or higher, you must install the latest version of Practice Management before downloading the patch.

Downloading a Patch

To download a patch, do the following:

1. Go to support.cch.com
2. Under Support - Product Support, select CCH® Prosystem fx® Practice Management
3. Select Updates
4. Select to download the 2022 Extension Form Update only self-extracting file
5. You will be prompted to either RUN or SAVE the update. We recommend saving the file to a temporary location rather than running it from the website. The temporary location must reside on a workstation that has Practice Management installed. You do not need to run this update from the sever.
6. Once saved, double-click the CCH ProSystem fx Practice Management 2022 Extension Forms Update.exe file to initiate the update.
