

ProSystem fx Tax The 2008 Form 926 Electronic Filing Scan

The IRS does not support the electronic filing of Form 926, Return by a U.S. Transferor of Property to a Foreign Corporation, in Individual returns. This form must be paper-filed with the IRS separately from the electronically-filed tax return or the return amended to include Form 926.

This scan identifies returns that have been electronically filed that also contain Form 926.
