

## ProSystem fx Tax v. 2009.03061 Federal Schedule A Motor Vehicle Scan

In certain circumstances, Schedule A, page 2 did not get transmitted in the electronic file on releases prior to Release 2009.03030. The missing data will prompt the IRS to send a notice that the new motor vehicle deduction on Schedule A, line 7 was not supported. Schedule A, page 2 will need to be printed and sent to the IRS to support the deduction. This scan will identify returns that may be affected by this issue.

This scan identifies 2009 Individual returns with Sched A present and that were electronically filed.
